RENO COUNTY FAIR PARTICIPANT'S CODE OF CONDUCT

Your participation in 4-H activities carries the responsibility of representing Kansas 4-H to the public.

You are expected to conduct yourself in a manner that reflects well on your club as well as yourself.

Your contribution to the program is as important as what you receive from the program.

All Exhibitors

1. Follow the Kansas 4-H Code of Conduct at all times and understand there could be consequences to my participation for breaking this code. Please note that the Kansas 4-H dress code is a part of this code of conduct.
2. At all times, be courteous and display good manners. Language must be appropriate and respectful of others. No swearing. No back-talking. No bullying.
3. Participants will not use tobacco/nicotine, alcohol, drugs (except those directed by a doctor), fireworks, or firearms.
4. Theft of public or personal property will NOT be tolerated.
5. Physical abuse of any person or animal will NOT be tolerated.
6. Avoid any activity that would cause damage to exhibits, decorations, personal property, room furnishings, permanent facilities, etc.
7. Avoid any activity that would pose a safety issue or nuisance issue (such as inappropriate use of vehicles, climbing on top of buildings, entering facilities during off hours, etc.).
8. Displays of public personal affection are not appropriate behavior.

9. Avoid postings, listings, pictures, and clothing that are deemed inappropriate on fairgrounds or on Social Media sites.

Animal Exhibitors

1. Animals must be clean and housed with clean bedding and fresh water.
2. All animal exhibitors are expected to do their share of herdsmanship duties every day of the fair.
3. Primary care of animals, pens, and the general barn area needs to be completed each day by the 4-H member. 4-H wants to make the best impression on the public, so animal and barn care needs to continue throughout each day.
4. Exhibitors will not work with animals other than their own without permission from the owner of the animal.
5. Exhibitors are expected to furnish their own animal feed and equipment.
6. Equipment owned by a club or 4-H Leaders needs to be returned to its designated place after each use.
7. Exhibitors will do their own work with minimal assistance from parents. 4-H Leaders & older youth may assist younger members as necessary.
8. I realize that I am responsible for:
 - a. The proper, primary care and humane treatment of my animals.
 - b. The production of wholesome food if my exhibit animal is designated for market.
 - c. Assuming all disease transmission risks from commingling animals and then taking them home.
 - d. Follow the 4-H Dress Code by wearing appropriate show attire.
 - e. The development of sound moral character in myself.

Code of Conduct Violations

Any violation of the general rules, code of conduct, or cheating as determined by Extension staff can result in any of the following: disqualification from the fair and/or livestock sale, forfeiture of premiums, or removal from the 4-H program. The appeal process is outlined in Rule 6 under General Rules.

FFA DIVISION A

VISUAL ARTS

Superintendents – Sue Miller & Meghan Miller-Hartle

Arts & Crafts Check-In by 10:00 a.m., Thursday

Arts & Crafts Judging Time: 8:00 a.m., Thursday

- Read General Rules.
- Open to FFA members enrolled in any area of agricultural education, supervised agricultural experience (SAE), or related coursework involving visual arts. This department includes Ceramics, Leathercraft, Crafts (3-D), and Fine Arts (2-D).
- Age divisions: (Beginner) Grades 7–8; (Junior) Grades 9–10; (Senior) Grades 11–12.
- Exhibitors may enter a maximum of four (4) exhibits in each class in the areas of crafts and fine arts. Exhibits must have been made as part of the current year project work.
- Any kits made by FFA members are allowed to be entered under the kits classes. The exception is leathercraft kits, which may be entered into the leathercraft classes.
- In fine arts, exhibits are to be mounted, matted, or framed to enhance appearance and add stability. A drawing or painting on a single sheet of paper or lightweight poster board without a mount, mat, or frame will not be accepted. Items on canvas with a wood back do not need an additional frame.
- Multi-piece items should be marked accordingly for judging and displaying purposes. Each exhibit must be identified with an entry card.
- Champion and Reserve Champion ribbons may be awarded in each age division.
- A Grand Champion and Reserve Grand Champion may be awarded if quality merits.
- Silk/artificial arrangements should enter the appropriate age category in 3-D Crafts.
- Ceramics will be entered in crafts (3-D) classes A1000–A1003.

Visual Arts Definitions/Explanations

Two-dimensional art is described as a form of visual art that exists on a flat surface and has width and height but no depth. Examples include drawings, paintings, prints, and photography.

Three-dimensional art is described as a form of art that has height, width, and depth and can be viewed from multiple angles. Examples include sculpture, carving, modeling, and construction.

Painted craft versus glazed pottery: When acrylic paint is used on pre-made ceramic pieces, it is considered a painted craft. When glaze is applied to greenware and fired, it is considered ceramics or fine art.

Explanation of the term “kit:” Any art project that comes pre-packaged or boxed is considered a kit. Examples include diamond art, mosaic kits, and suncatcher kits.

Explanation of “original art:”

- If an exhibitor creates their own pattern or design using any medium, it is considered original work.
- Combining parts of different patterns or ideas with original concepts may result in an original design.
- Changing only color, size, or minor elements does not make a design original.
If a reference photo or design was used, it should be included with the exhibit.

Class FFA E1403 ---- A garment, a 2 or 3-piece coordinated outfit, any combination or complete costume (dress, formal, suit, coat, child’s garment, etc.)

Class FFA E1404 ---- An article

Open to All FFA Members

Class FFA E1405 ---- Recycled Clothing Project

*Class FFA E1406 ---- Window Display

Definitions

Article -- An item constructed in this project such as a pillow, backpack, laundry bag, garment bag, or similar item. Items may be hand-sewn or machine-sewn and may include appliqué or embroidery. Skill level should match the exhibitor’s level. Ribbon placing may be reduced if it does not.

Garment -- A garment may include a skirt, vest, blouse, shirt, slacks, dress, coat, jumper, or jumpsuit.

2-piece outfit -- Two pieces that can be worn together at the same time but do not have to be a complete outfit.

3-piece outfit -- At least two pieces can be worn together, with a third piece that may coordinate. All pieces must be made by the exhibitor. Purchased items may not be included.

FFA DIVISION F

DEMONSTRATIONS, ILLUSTRATED TALKS, AND PUBLIC SPEAKING

Superintendent - Andy & Rosita Aldrich

Judging 2:00 p.m. Thursday for all participants

Read General Rules.

- Members must check in and sign up at the Fair for their preferred time for demonstration, illustrated talk, or speech by 11:00 a.m. Thursday. If you are not going to participate, you must notify the Superintendent before judging begins.
- FFA members should notify the superintendent in case of conflict or cancellation.
- The maximum time for a demonstration or illustrated talk is 20 minutes, with a minimum of 3 minutes. Presentations should be long enough to adequately cover the topic.
- Entries in public speaking will comply with specifications listed for FFA speaking events or guidelines provided by the fair.
- For live animal or large object demonstrations, judges may move to a suitable location for presentation.
- A Champion and Reserve Champion may be selected for each division. A Grand Champion and Reserve Grand Champion may be awarded if quality warrants.

Classes

Intermediate Division (Grades 7–9)

Class FFA F1600 ---- Demonstration or Illustrated Talk

Senior Division (Grades 10–12)

Class FFA F1601 ---- Demonstration or Illustrated Talk

Open to All FFA Members

Class FFA F1602 ---- Team Project Talk (limited to 2 people; any grade)

FFA DIVISION G

ELECTRIC & RENEWABLE ENERGY

Energy Management Superintendent - Corineah Williams

Check-In by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

Read General Rules.

- Only FFA members who have met the requirements of agricultural education coursework, supervised agricultural experience (SAE), or related projects in electric, small engine, or renewable energy are eligible to exhibit. The National Electric Code (NEC) will apply for judging.
- Articles that have been in use should be cleaned for exhibit.
- All electrical exhibits' wiring and connections must be accessible for examination by the judges. Sealed exhibits that cannot be opened for inspection are not acceptable.
- Each article, except cords and lights, must be accompanied by a plan, blueprint, working drawings, sketch, original construction article, or schematic and equipment available at the time of judging for testing. A sheet of operating instructions should be provided for any exhibit that is not self-explanatory. The exhibit must be operable.
- Any project with complexity in size or electronics must include (a) instructions for assembly and use and (b) any required test equipment available at judging.

No hand-dipped solder may be used on exhibits.

- Projects must be operable using only 110 or 120V AC or battery power. If battery power is required, batteries must be provided.
- Lithium batteries must be accessible or removable for safety. Locked battery compartments are not allowed.

Exhibitors may enter a maximum of four (4) exhibits. No two exhibits may be the same.

- Molded pre-formed plugs are acceptable in classes G1802 and G1803 but not in classes G1800 and G1801.

- Champion and Reserve Champion ribbons may be awarded in each unit. Grand and Reserve Grand Champions may be selected from Champions.

Classes

Class FFA G1800 ---- AC Electric: Examples include household wiring demonstrations, extension cords, trouble lights, wiring boards, or shop lights. Projects may be restoration or original construction. Must be operational and meet safety requirements. Must be 110/120 V only. Judges must have access to wiring.

Class FFA G1801 ---- DC Electric: Projects using battery or direct current power sources. Examples include switch wiring, circuit demonstrations, or doorbell systems. Batteries must be supplied. Judges must have access to wiring.

Class FFA G1802 ---- Electronic: Projects using direct current power sources including kits or original builds such as radios, robots, or security systems. Must include instructions or plans. Judges must have access to wiring.

Class FFA G1803 ---- Newly Built or Repaired Computers: Exhibits may include newly built or repaired computers demonstrating assembly and function. Displays should be clean and organized. Functional systems should be able to boot.

Class FFA G1804 ---- Educational Displays and Exhibits: Displays designed to teach a concept related to electrical or electronics topics. No power source required. Must be legible from four feet and fit within a standard 3' x 4' tri-fold board.

Alternative Energy Classes

(A form of energy derived from natural sources such as solar, geothermal, wind, tides, or waves)

All exhibits in this division are limited to standard tri-fold display boards (36" x 48"). Items may not extend beyond 12" from the back board. Displays must be self-standing.

Class FFA G1805 ---- Educational Display: Exhibit addressing a focused topic related to renewable energy. Designed to inform and create awareness.

Class FFA G1806 ---- Experiment: Display an experiment related to renewable energy including hypothesis, research, variables, control, data, results, and conclusions.

FFA DIVISION H

SMALL ENGINES

Small Engines Superintendent - Corineah Williams

Check-In by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

Read General Rules.

- Items that have been in use should be cleaned for exhibit.
- A sheet of operating instructions must be included in the packet for any exhibit that is not self-explanatory.
- As exhibitors prepare their exhibits, appropriate PPE (Personal Protection Equipment) is required.
- Cutting surfaces, such as blades, must have a protective covering to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.
- If a safety violation is noted by the judges, superintendent, or staff, the exhibit may receive reduced ribbon placement or be disqualified at the judges’ discretion.

Classes

Class FFA H1810 ---- Display: Exhibit a display selecting one of the following options:

1. A display identifying different engine or lawn and garden equipment parts or showing their function; OR
2. A display identifying and explaining the function of special tools used for small engine repair or maintenance; OR
3. A display illustrating and explaining results of an experiment from project work.

No complete engines, lawn tractors, tillers, or chainsaws are permitted in this class. Maximum display size is a 3' x 4' tri-fold board. Items may not extend beyond 24" from the back of the display.

Class FFA H1811 ---- Maintenance: Exhibit a display illustrating either routine maintenance procedures or diagnosing and troubleshooting engine problems.

No complete engines, lawn tractors, tillers, or chainsaws are permitted. Maximum display size is a 3' x 4' tri-fold board. Items may not extend beyond 24" from the back of the display.

Class FFA H1812 ---- Operation: Exhibit an operable small engine (no more than 20 HP) that has been overhauled or rebuilt by the exhibitor. Include a maintenance schedule and a brief description of the steps taken during the rebuild.

The engine must not contain fuel in the tank or carburetor. All exhibits must be self-standing.

FFA DIVISION I

AEROSPACE / ROCKETRY

Space Tech Superintendents - Corineah Williams

Check-In by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

General Definitions for all Categories:

The Reno County Fair Space Tech Rocketry program is designed to allow FFA members to explore aerospace through rockets of various sizes. Reno County Fair has adopted the National Association of Rocketry (NAR) rules, regulations, and safety guidelines.

A scale model is defined by NAR as a model rocket that is a true scale replica of an existing or historical missile, rocket, or space vehicle.

A high-powered rocket is defined as any rocket meeting one or more of the following:

- 2 inches or greater in diameter and taller than 36 inches
- Weighs more than 3.3125 pounds at launch
- Uses an “E” engine or larger
- Total impulse exceeds 20.01 Newton-seconds

No rocket may exceed an “I” impulse engine or 640 Newton-seconds of thrust.

NAR safety rules apply to all exhibits.

Adult supervision is defined as direct supervision by someone 18 years or older.

High power certification refers to certification through the National Association of Rocketry.

General Guidelines for all Categories:

Read General Rules.

- Exhibits must not contain perishable items.
- Each exhibitor may enter up to four rockets constructed during the current year.
- Rockets must have been flown.
- No model may be submitted on a launch pad.
- Engines and igniters are NOT permitted and will result in disqualification.

- A completed Rocket Exhibit Information Form must accompany each exhibit.
- Plans must be included inside a 10" x 13" envelope.
- At least one photograph of the rocket at launch is required.
- Altitude must be measured using a verifiable method.
- Safety violations may result in reduced ribbon placing or disqualification.

General Construction Guidelines:

- Beginner kits with pre-assembled fins are not allowed.
- Rockets must be properly assembled and finished.
- Fins must be aligned within acceptable tolerance.
- Rockets must be painted and finished smoothly.
- Body tubes must be sealed and free of visible seams.
- Scale models may be judged on paint accuracy; others may use creative designs.

Rocketry Guidelines:

- Rockets must stand freely or be supported by a base not exceeding 4¼ inches thick and 8 inches square.
- Rockets over 4 feet may be displayed without a base.
- All exhibits must comply with NAR Model Rocket Safety Code.

Original Design Rocket Guidelines:

- Rockets must be original designs and not modifications of kits.
- Detailed construction instructions must be included.
- Stability testing must be explained.

Alternative Skins (Grades 10–12 only):

- Alternative coverings such as shrink wrap or fabric may be used.
- Must not compromise safety or structural integrity.
- Judged on finish quality and craftsmanship.

High Power Rocketry (Grades 10–12 only):

- Exhibitor must meet certification requirements.
- Must follow NAR High Power Rocket Safety Code.
- Documentation must be included.

Rocketry Educational Exhibits:

- Exhibits must include educational material such as posters, notebooks, or display boards.

- Must not exceed standard display sizes.
- Must clearly demonstrate learning from the project.

Classes

Class FFA I1820 ---- Rocket made from kit (Intermediate, Grades 7–9). Include plans.

Class FFA I1821 ---- Rocket designed by exhibitor, not a kit modification (Intermediate, Grades 7–9). Include plans.

Class FFA I1825 ---- Rocket made from kit (Senior, Grades 10–12). Include plans.

Class FFA I1826 ---- Rocket designed by exhibitor, not a kit modification (Senior, Grades 10–12). Include plans.

Class FFA I1840 ---- Rocket designed by exhibitor using alternative skins (Senior, Grades 10–12). Include original plans.

Class FFA I1841 ---- High power rocket, kit or original design (Senior, Grades 10–12). Include plans.

Class FFA I1842 ---- Team rocket designed by two or more exhibitors. Include plans.

FFA DIVISION J

ENTOMOLOGY

Superintendent - Brian Miller

Check-In by 10:00 a.m., Thursday

Entomology Judging Time: 9:00 a.m. to 11:00 a.m., Thursday

Note: Taxonomy follows the “Insects in Kansas Book: 2016 Revised Taxonomy” aligned with www.bugguide.net. Resources for exhibiting can be found through Kansas State Fair and agricultural education resources.

Read General Rules.

- An FFA member may choose to exhibit in the Collection or Educational class for each phase, or both.
- All entries should be submitted in an 18 x 24 x 3.5-inch wooden display box with a clear plastic top (such as plexiglass). Boxes may be handmade or purchased.
- Each exhibitor must identify each box with two labels including name, county or district, class, and taxonomy used.
- One label inside upper left corner and one outside lower right corner.
- Only adult insects per species may be used unless properly identified otherwise.
- Specimens should be arranged by Order, then Family where required.
- Each specimen must include a common name label and a date/locality label.
- Specimens should primarily be collected in Kansas. Out-of-state insects must be labeled separately and are not counted in judging totals.
- Purchased insects may not be used in collections but may be used in educational displays.
- Soft-bodied insects may be displayed in alcohol vials when necessary.
- A minimum of 10 new or replaced specimens must be added each year after the first year.
- A yearly improvement sheet must be included describing additions and improvements to the collection.
- Threatened or endangered species may NOT be collected or displayed. Violations will result in ribbon reduction.

Educational Display Classes

Displays must be in the same size box as collections.

Displays should be clear, educational, and focused on a specific topic.

Exhibits must be completed during the current year.
Title must be included inside the box.
Creativity is encouraged.

Classes

Introductory Entomology

Class FFA J2000 ---- Insect collection of 15–30 species representing at least 6 orders. Does not require display box. Not eligible for State Fair.

Class FFA J2001 ---- Introductory Collection Notebook: 10–30 species, grouped by order, 15–60 photos. May be exhibited for a maximum of two years.

Beginning Entomology

Class FFA J2003 ---- Collection: 50–125 species representing at least 7 orders.

Class FFA J2004 ---- Educational Display

Class FFA J2005 ---- Collection Notebook: 30–60 species, 50–120 photos, includes life stages or specialized features.

Intermediate Entomology

Class FFA J2006 ---- Collection: 100–300 species representing at least 10 orders. Two boxes allowed. Family identification required for selected orders.

Class FFA J2007 ---- Educational Display

Class FFA J2008 ---- Collection Notebook: 60–100 species, 100–200 photos, includes detailed identification and additional study sections.

Advanced Entomology

Class FFA J2009 ---- Collection: 150–450 species representing at least 12 orders and 30 families. Three boxes allowed.

Class FFA J2010 ---- Educational Display

Class FFA J2011 ---- Collection Notebook: 100–200 species with detailed family identification and advanced study sections.

FFA DIVISION K

GEOLOGY

Geology Superintendent - Brian Miller

Judging Time: 9:00 a.m. - 11:00 a.m. Thursday

Read General Rules.

- The exhibit box should be 18" x 24" x 3 1/2". All specimens are to be arranged across the narrow 18" dimension of the exhibit box. If a box has a sliding cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used.
- For projects displayed in box-style exhibits—such as Entomology or Geology—that must be opened for judging, exhibitors may choose to include a closure mechanism on the box.
- While closures are not required, their use will not result in a ribbon deduction.
- Acceptable options include Velcro strips or hook-style fasteners. Closures should not interfere with the box's ability to be displayed on a shelf and must not be lockable.
- Each exhibitor is required to identify each display by placing an identification label bearing name, county, and number of specimens in the upper left-hand corner of the plexiglass cover (inside - use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right-hand corner of the box (outside). The inside label is to also indicate if this exhibit is in the Intermediate or Senior class. Glass covered boxes will not be accepted.
- Specimens should be labeled with the number of the specimen, date collected, specimen name or description, locality (county only) where collected, and collector's name.
- For the geology classes K2020, K2021, K2022 and K2023, specimens should be mounted in the box by proper groups: rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words "phylum, class, genus" on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations.
- Specimen labels must show this distinction.

- Specimens must be collected from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa Co., OK; Newton and Jasper Co., MO. Out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
- Specimens must be collected during the current FFA year, which will be allowed starting on the day after the conclusion of the State Fair.
- Grand and Reserve Grand Champion exhibits may be selected, if quality merits.

Classes

Class FFA K2020 ---- Intermediate Division only. Exhibited in a neat and orderly manner; need not be in a standard display box. Display of at least 15 different rocks, minerals, or fossils, collected during current FFA year.

Class FFA K2021 ---- Exhibit one display box, required size. Display at least 30 different rocks, minerals, and fossils (at least 5 in each group - 15 from current year).

Class FFA K2022 ---- Exhibit is limited to two display boxes, required size. Display at least 45 different rocks, minerals, and fossils (at least 5 of each). Exhibit must include at least 15 specimens of current year's work. More than one specimen of the same kind of rock may be displayed provided the specimens represent different geological formations. For example, Ft. Riley limestone and Ft. Hays limestone. List as igneous, metamorphic, or sedimentary.

Class FFA K2023 ---- Exhibit is limited to two display boxes, required size. Display at least 60 rocks, minerals, or fossils, at least 5 of each. Exhibit must include at least 15 specimens from current year's work. More than one specimen of the same kind of rock or mineral may be displayed, provided the specimens represent different geological formations. List as igneous, metamorphic, or sedimentary.

Class FFA K2024 ---- Special exhibit relating geology to everyday living; or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Digital formats are accepted. Please make arrangements for the judge to view your exhibit and have a hard copy for display. Care should be taken to use durable materials that will withstand fair conditions. Exhibit limited to 4 feet of table space or to be not more than two exhibit boxes. Accuracy of Information 10 points.

Class FFA K2025 ---- Mineralogy. Display a minimum of 15 mineral specimens collected in Kansas, at least 5 of which have been collected during the current FFA year. The minerals are to be grouped by mineral class (i.e.: Carbonates, Oxides, Silicates) and at least 3 classes must be represented. The member must use one standard display box. The specimens must be labeled

with the number of the specimen, date collected, name of specimen, county where collected, and chemical composition (i.e.: CaCO₃ for calcite) if known.

FFA DIVISION L

FOODS & NUTRITION

Superintendents—Jennifer Stallman, Pam Branscom, Bec Benoit, Denise Gouldie & Emmie Stallman

Check-in by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

Read General Rules.

- “Food Safety Recommendations for Acceptable Fair Exhibits” (4-H 712 revised March 2019) will be used as a source for all requirements.
- For frostings and fillings, refer to “Food Safety of Frostings and Fillings” (MF3544 December 2020).
- Failure to follow general rules and/or division rules will result in the exhibit being dropped one ribbon placing.
- Classes are open to FFA members enrolled in foods, nutrition, or related agricultural education coursework.
- No alcohol may be included as an ingredient. Entries containing alcohol will be disqualified.
- Each FFA member may enter a maximum of four (4) food entries, one (1) educational exhibit, and one (1) food gift package. Each entry must be a different recipe.
- All exhibits will be conference judged.
- Any baked product that can be removed from the pan should be placed on a paper plate or cardboard; otherwise, exhibit in a disposable container. Containers will not be returned.
- Exhibits should be in clear plastic food-grade bags, disposable plastic containers, or boxes.
- All exhibits must be labeled with: product name, class number, exhibitor name, chapter, and address. Attach entry card.
- For food safety purposes, any food requiring refrigeration (custard fillings, cream cheese frosting, raw eggs, bacon, etc.) will be disqualified.
- All exhibits must be baked or cooked. Loaves must be whole and uncut.
- Exhibit 3 cookies, 3 muffins, 3 rolls, etc. Items must be uniform.

- Unfrosted cakes should be displayed upright unless designed otherwise.

Recipes are required for all food exhibits and must be typed on an 8½ x 11 sheet. Include exhibitor name, chapter, and product name. Recipes must be complete and cookbook-ready. Recipes will not be returned.

Frosting Requirements:

- Frosting must be shelf-stable.
- Frostings must meet minimum sugar percentage requirements (65–75% depending on ingredients).
- Calculations must be shown with recipe.

Exhibits may be made from scratch or commercial mixes.

Champion and Reserve Champion will be selected for each division. Grand and Reserve Grand Champions will be selected from those winners.

Educational exhibits must be poster, notebook, or display format. Poster max size 22" x 28". Display max size 3' x 4'.

Food Gift Package must contain at least 3 different non-perishable items made by the exhibitor. Container must not exceed 18" x 18" x 18". Recipes must be included. Entry card must include intended use and food safety precautions.

FFA DIVISION M

FOODS PRESERVATION

Superintendents—Jennifer Stallman, Pam Branscom, Bec Benoit, Denise Gouldie & Emmie Stallman

Check-in by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

Read General Rules. Refer to “Food Safety Recommendations for Acceptable Fair Exhibits” (4-H 712 Jan. 2000) as a source for all requirements to ensure safe food preservation exhibits.

Open to FFA members enrolled in foods, nutrition, or related agricultural education coursework.

Recipes and processing methods must come from current, tested sources and must be adjusted for altitude based on processing location or will be disqualified. Disallowed methods include open kettle canning, oven canning, sun canning, and electric multi-cookers. If using a digital pressure canner, indicate method used.

Untested recipes will be disqualified for food safety reasons. Acceptable sources include:

- K-State Research and Extension publications
- University Extension publications
- USDA Complete Guide to Home Canning
- So Easy to Preserve
- Ball® Blue Book Guide to Preserving
- Ball® Complete Book of Home Preserving
- Commercial canning mixes
- Pectin manufacturers
- National Center for Home Food Preservation

No alcohol may be included as an ingredient. Entries containing alcohol will be disqualified.

There are no safe recommendations to can white peaches or elderberries.

All products must follow USDA canning recommendations.

Each exhibit must include a complete recipe and instructions attached with exhibitor name.

Missing recipes will result in a lower ribbon placing.

Entry cards and recipes must be attached. Recipes will not be returned.

One exhibit per class. Exhibits must be in clear standard canning jars with matching two-piece lids. Decorative lids are acceptable, but no fabric covers or padded lids. Jars must be sealed. Do not use commercial food jars.

Label each jar one inch from the base. Label must include: Name, Class Number, Division, Product, Canning Method, Processing Time, and Pressure (psi). Exhibits will not be opened.

Sweet spreads must be in half-pint or pint jars. All other products must be in pint or quart jars.

Dried foods not in a canning jar will be lowered one ribbon placing. Suggested amount is 1/3–1/2 cup or 3–4 pieces. Recipe and preparation steps must be included.

All meat jerky must be heated to an internal temperature of 160°F before or after drying. Failure to meet this requirement will result in disqualification.

A Grand Champion and Reserve Grand Champion may be awarded if quality merits.

Classes

Class FFA M2250 ---- Sweet spreads and syrups — one jar

Class FFA M2251 ---- Fruits, juices, tomatoes — one jar

Class FFA M2252 ---- Low acid vegetables — one jar (must be pressure processed)

Class FFA M2253 ---- Pickles and relishes — one jar

Class FFA M2254 ---- Tomato and tomato products — one jar

Class FFA M2255 ---- Meats — one jar

Class FFA M2256 ---- Dried foods — one kind of dried food

FFA DIVISION N

INTERIOR DESIGN & ARCHITECTURE (HOME ENVIRONMENT)

Superintendent— Sue Miller

Check-In by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

Note: This project is currently in its pilot year (2025/2026), and all exhibit categories are new.

Project Overview:

Architecture and Design is an important aspect of creating work and living environments that feel good and serve a purpose to those who utilize them. Designing the feel, look, or mood of a room with lighting, furniture, wall placement, and design elements are all examples of ways to incorporate the design process into your environment.

Learning and experimenting with the elements of design – color, line, value, space, shape, form, and texture – is important. Of equal importance is understanding the principles of design – proportion, scale, balance, rhythm, unity, and variety.

Being a designer (architect, industrial/product designer, interior architect, or interior designer) begins with having an end goal in mind and using each step of the planning process to support that goal. The overarching goal is to create a space that is structurally sound, safe, functional, and inviting.

Read General Rules.

Entries must be the work of the FFA member and completed during the current year.

An entry card must be attached to the exhibit using appropriate materials such as safety pins, tape, or string.

Projects with missing or insufficient summaries will be lowered one ribbon pl

Classes

Interior Design Focus

Class FFA N4400 ---- Room Design Board. Select one room within your home or an imaginary/future home (bedroom, bathroom, kitchen, etc.) to design. Include a basic floor plan showing wall footprint, furniture, fixtures, and/or cabinet layout. Include drawings, photographs, and material samples (wall treatments, flooring, paint, etc.). Label all components clearly. Include a written design description (maximum one page, 8½ x 11). Must be mounted on foam core or a tri-fold board.

Class FFA N4401 ---- Two Collages on Design Board. Develop two interior spaces with identical dimensions and features. Each space should represent a contrasting mood or feeling. Use materials such as magazine images, colored paper, or digital prints to create layered collages (background, midground, foreground). Include a written design explanation (1–3 paragraphs total). Mount both collages and description on a foam core board.

Class FFA N4402 ---- Two Diorama Models. Construct two dioramas showing contrasting moods using identical-sized boxes (maximum 12” x 18”). Include background, midground, and foreground elements using paper-based materials. No movable parts or miniature furniture allowed. Focus on color, material, and lighting effects.

Architecture Focus

Class FFA N4403 ---- Marble Maze or Enclosure. Design and build a structure where a marble moves through a sequence of spaces. Use materials such as cardboard, paper tubes, or chipboard. Maximum size: 18” x 24” base and 12” height. May include a small design board showing layout and path. Include a written design explanation (1–3 paragraphs).

Class FFA N4405 ---- Marble Maze Presentation Board Only. Create a presentation board including drawings (floor plan, section, elevation), diagrams, and/or photos showing the marble path. Images may include annotations explaining design intent. Include a written explanation (1–3 paragraphs). Board must be foam core.

FFA DIVISION O

GOATS

Superintendent - Ryan Boggs & Jamie Boggs, Jake Gouldie & Nichole Gouldie

Check-In from: 4:00–5:00 p.m. Thursday ONLY. Must be vet inspected at the back of the sheep and goat barn before unloading.

Weigh-In: 5:00–6:00 p.m. No coverings and no halters at time of weigh-in.

Mandatory exhibitors meeting will be held in the beef arena at 9:00 p.m. Thursday

Judging Time: 8:00 a.m., Friday

Read General Rules and livestock sanitary requirements.

- This is a no fit show – no paints or adhesives.
- All goats going to the livestock sale must have a drug withdrawal card turned in to the goat superintendents within 30 minutes after the show.
- All market goats and breeding does must be tagged with an official EID tag by the designated date of the current year.
- All goats must have an official scrapie tag to be eligible to show.
- All goats must be checked in at the back of the sheep and goat barn and may not enter until inspected by the veterinarian.
- All goats will be shown by weight, from lightest to heaviest.
 - Market goats must weigh between 50 and 140 pounds.
 - Animals outside weight limits are not eligible for the grand drive.
 - Only market goats weighing 50 to 140 pounds are eligible for the livestock sale.
 - Goats intended for sale must be shown in the market class.
- Market goats may be wethers or does. Does shown in market classes may not be shown in breeding classes.
- Goats must have milk teeth with no visible permanent teeth at weigh-in, except breeding does over one year of age.
- Goats must be dehorned or have horns tipped and rounded prior to arrival.
- Meat goats must be slick shorn with uniform hair length not exceeding 3/8 inch above the knee and hock prior to arrival. Breeding doe hair length is at the exhibitor's discretion.
- Animals must be shown with collars or halters and led in each class.
- Each exhibitor may enter a maximum of 3 breeding meat goats and 3 market meat goats.
- Grand Champion, Reserve Grand Champion, and 3rd–5th overall Market Goat may be selected.

- Grand Champion, Reserve Grand Champion, and 3rd–5th overall Breeding Meat Doe may be selected.
- Grand Champion, Reserve Grand Champion, and 3rd–5th Goat Showman may be selected.

Sale cards must be turned in within 30 minutes following the show. Exhibitors must meet all sale requirements established by the sale committee.

PET DISPLAY

Superintendent – Cassey Clayman

11:00 a.m., Thursday

Location: Oz Building

Read General Rules.

- Open to FFA members enrolled in an animal science, companion animal, or related supervised agricultural experience (SAE). One entry per exhibitor. Pre-entry must be submitted by the county deadline.
- Pets must be ready for judging by 9:00 a.m. (check-in after 8:30 a.m.) and will be released after judging is completed.
- Each exhibitor must provide a suitable cage or enclosure and supervision during display. Pets must remain in cages at all times.
- All pets must be in healthy condition. It is recommended that cats have current vaccinations for rabies and distemper.
- Exhibitors must provide a poster for conference judging. The poster should demonstrate an age-appropriate understanding and knowledge of their animal.
- Posters will be judged on knowledge, neatness, and workmanship and will be included as part of the overall exhibit score. Posters will remain on display following judging.

Class FFA Q2700 ---- Photos taken by an FFA member with limited experience (early years in project)

Class FFA Q2701 ---- Photos taken by an FFA member with moderate experience

Class FFA Q2702 ---- Photos taken by an FFA member with advanced experience

*Class FFA Q2703 ---- Collection of 3–5 snapshots

Class FFA Q2706 ---- Growth Portfolio

Exhibit includes one photo per year of experience (up to 5 total), showing progression of skills. Each photo must include technical information and explanation of growth. Displayed in a portfolio format.

Class FFA Q2707 ---- Career Portfolio

Exhibit includes ten (10) 8" x 10" photos focused on a specific photography area (portrait, landscape, etc.). Must include technical details, a written summary, and be presented in a portfolio format.

FFA DIVISION R

AGRONOMY, HORTICULTURE & LANDSCAPE DESIGN, FORESTRY, AND CROPS

Superintendents - Becky Crockford

Check-in by 10:00 a.m., Thursday

Judging Time: 8:00 a.m., Thursday

Horticulture Judging Contest, 11:00 a.m.-1:00 p.m., Friday

Read General Rules.

- FFA members may enter a maximum of eight (8) entries in this department. More than one (1) entry per class is allowed with each entry being a different fruit, vegetable, flower, or herb. Only one (1) entry per Garden Display (Class FFA R2800) will be allowed. All materials must be grown or collected by FFA members rather than purchased unless otherwise noted.
- Fruit and vegetable entries must be displayed on Styrofoam or heavy paper plates. (Classes FFA R2805-FFA R2807)
- Refer to the publications *Exhibiting Fruits and Vegetables, C-405*, and *Preparing Cut Flowers for Exhibit, 4H-826* as a guide in preparing exhibits. The quality and condition of the exhibit will be considered. Choose vegetables, fruits, and flowers for the exhibit that will hold up well during the fair. Avoid over-ripe or over-mature specimens. Those that are slightly under-ripe or slightly immature when picked may last longer.
- Produce exhibits may be sold at the food sale.
- A Champion and Reserve Champion may be selected from the vegetable, fruit, and floriculture exhibits. A Grand Champion and Reserve Grand Champion may be selected from the champions if quality merits.

Plant Science Classes

Class FFA R2800 ---- Garden Display

The exhibit consists of 5 different fresh vegetables. Only one variety of each type of vegetable may be exhibited. The numbers of the five vegetables to be exhibited are as follows:

Large Vegetable/Fruit — One Each

Cabbage

Cantaloupe

Eggplant

Sunflower head
Pumpkin
Squash
Watermelon

Medium Vegetables/Fruit — Five Each

Beets
Cucumbers
Onions
Tomatoes
Peppers
Okra or similar-sized vegetables
Carrots
Apples
Potatoes

If small fresh vegetables, such as green beans, are used as one of the five different vegetables, a dozen is suggested for a good display. See *Exhibiting Fruits and Vegetables* for additional guidance.

Class FFA R2801 ---- Cut Flower specimen in plain container

Class FFA R2802 ---- Fresh Flower Arrangement - May contain no more than 25% dried material. Consideration will be given to quality, arrangement, and choice of container. Arrangement material must be natural and does not have to be grown by the FFA member.

Class FFA R2803 ---- Dried flower arrangement, no fabric or plastic material allowed.

*Class FFA R2804 ---- Misc. Plant Science

- a. Potted Foliage House Plants. Note: House plants must be grown and cared for by FFA members for at least 3 months.
- b. Cacti and Other Succulents. Note: House plants must be grown and cared for by FFA members for at least 3 months.
- c. Project Display (an exhibit that illustrates work done in this project such as lawns)
- d. Potted Porch Plant

Class FFA R2805 ---- Small Vegetable/Fruit Specimen Plate (12 each) examples: green snap beans, cherry tomatoes, raspberries, blueberries, other small vegetables or fruit.

Class FFA R2806 ---- Medium Vegetable/Fruit Specimen Plate (5 each) examples: cucumbers, tomatoes, beets, onions, bell peppers, other peppers, okra, turnips, sweet potatoes, Irish potatoes, carrots, other medium vegetables or fruit.

Class FFA R2807 ---- Large Vegetable/Fruit Specimen Plate (1 each) examples: watermelon, summer squash, winter squash, pumpkin, eggplant, cabbage, cantaloupe, other large vegetables or fruit.

Class FFA R2808 ---- Fresh Culinary Herbs - The exhibit consists of 6 stems of the same variety of fresh-cut herbs in water. It is recommended that the exhibit be submitted in a disposable container not made of glass. Dried herbs are not accepted.

Class FFA R2809 ---- Horticulture Notebook - Entry shall consist of a notebook or three-ring binder of written narrative describing a horticulture project such as a landscape design, landscape installation, lawn renovation, water garden, flower garden, vegetable garden, lawn mowing service, landscape maintenance business, Farmer's Market business, or other horticultural project. FFA members are encouraged to include photographs, illustrations, and/or landscape drawings that help explain work done by the member. Photos taken from the same location before, during, and after completion of the project are particularly helpful.

*No Class at the State Fair

State Fair Selection: Up to 4 total produce (vegetables, fruit, and/or herb) entries per exhibitor; up to 4 total floral exhibits per exhibitor; 1 Notebook exhibit per exhibitor.

Crops Judging Time: 9:00 a.m., Thursday

Read General Rules.

Grain sorghum exhibits need not be mature. Efforts should be made, however, to secure as mature entries as possible. Ten heads make an exhibit.

Members will be limited to one exhibit in each class.

Products exhibited in this department must have been grown by the FFA member in the current project year.

All classes calling for a gallon sample (in a glass jar) may have a 2 1/2 to 3-inch diameter cylinder placed in the gallon container to reduce the amount of grain to about 3 quarts.

A Grand and Reserve Grand Champion crops exhibit may be selected, if quality merits.

Crops Classes

Class FFA R2820 ---- Hybrid Grain Sorghum (Hybrid must be named)

Class FFA R2821 ---- Hybrid Forage Sorghum (Hybrid must be named) Exhibit to consist of the entire plant; no roots.

Class FFA R2822 ---- Forage Sorghum other than Hybrid (Variety must be named) Exhibit to consist of the entire plant; no roots.

Class FFA R2823 ---- Wheat. Variety must be named. Exhibit to consist of one gallon sample. No preference given to handpicked samples.

Class FFA R2824 ---- Oats. Exhibit to consist of one-gallon sample. Variety named.

Class FFA R2825 ---- Barley. Exhibit to consist of one-gallon sample. Variety named.

Class FFA R2826 ---- Alfalfa Seed. Exhibit to consist of one-gallon sample. Variety named.

Class FFA R2827 ---- Alfalfa. Exhibit to consist of one standard bale of hay.

Class FFA R2828 ---- Miscellaneous Crops Exhibit

Class FFA R2829 ---- Cotton. Provide 10 open bolls, not plants, in a breathable bag.

State Fair Selection: An FFA member may exhibit a maximum of one entry per class.

Forestry

Judging Time: 9:00 a.m. Thursday

Read General Rules.

- All leaf exhibits are to be mounted on 8 1/2" x 11" heavy stock paper and placed in loose-leaf binders. The name, chapter, age, and year in the project should be on the front cover or in a prominent location. Magnetic or adhesive filler sheets for photographic prints are recommended. Twigs and fruit collections may be exhibited in whatever manner you choose (maximum exhibit size 3' x 4').
- Leaves should be identified with an appropriate label located near the leaf on the same page. These labels should include:
 - The proper common name as listed in the 4-H Bulletin 334, "List of Native Kansas Forest Trees"
 - Scientific Name
 - Location (city and/or county) where collected
 - Date (day, month, year) or (month, day, year) collected
- Divide specimens into the following two sections: native Kansas Trees, and non-native Trees.
- New specimens are those collected during the current year and cannot be a duplicate tree species of previously displayed specimens.
- Group specimens according to the years collected (example: "old-previous years" and "new").
- Variations of varieties do not count as different species or specimens.

- When replacing previously displayed samples due to degradation, improper mounting, or incorrect identification, the specimen label must also be updated. Replacements do not count as new specimens and should be displayed in the “old previous” section of the display.
- If information is retrieved for the forestry exhibit, a reference citation to the source must be included.
- Exhibit one complete leaf where possible. Where the leaf is too large, exhibit as much of the terminal portion as possible. Sketch in reduced scale the entire leaf and illustrate where the exhibited portion comes from. A leaflet is incorrect when displayed as the complete leaf for the tree.
- All work must show originality. Leaf collections and displays should not closely resemble work done by others in the same chapter.

Forestry Collections

Class FFA R2840 ---- Exhibit a minimum of 10 different leaves from native Kansas trees collected within the year. Exhibit may include non-native leaves in addition to the required number of native Kansas tree specimens.

Class FFA R2841 ---- Exhibit a minimum of 5 native Kansas trees showing leaf, twig, and fruit from each species collected.

Class FFA R2842 ---- Exhibit a minimum of 20 different leaves (including 10 new specimens) from native Kansas trees. Exhibit may include non-native leaves in addition to the required number of native Kansas tree specimens.

Class FFA R2843 ---- Exhibit a minimum of 10 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 5 new leaf, twig, and fruit specimens.

Class FFA R2844 ---- Exhibit a minimum of 30 different leaves (including 10 new specimens) from native Kansas trees. Exhibit may include non-native leaves in addition to the required number of native Kansas tree specimens.

Class FFA R2845 ---- Exhibit a minimum of 15 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 5 new leaf, twig, and fruit specimens.

Class FFA R2846 ---- Exhibit a minimum of 40 different leaves (including 20 new specimens) from native Kansas trees. Exhibit may include non-native leaves in addition to the required number of native Kansas tree specimens.

Class FFA R2847 ---- Exhibit a minimum of 20 native Kansas trees showing leaf, twig, and fruit from each species collected. This exhibit must include 10 new leaf, twig, and fruit specimens.

How A Tree Grows

Class FFA R2848 ---- Notebook: Entry may include a project notebook with 10 or more seeds collected with pictures showing a germination study or a mounting of a thin section of wood cut from the end of a log or top of a stump labeled with information such as kind of wood and age of tree when cut, or an exhibit illustrating how a tree grows.

Tree Appreciation

Class FFA R2849 ---- Display/Notebook: Entry may include a research or reporting project notebook with no more than 10 pages based on the exhibitor's selected tree. Exhibit must be a different species of tree each year. This notebook may include sketches, drawings, pictures, a story, or other materials that help tell about the selected tree.

Growing and Protecting Trees

Class FFA R2850 ---- Display/Notebook: Entry requires a display or project notebook telling about the project and showing pictures before, during, and after planting seedlings, a container tree, or a balled and burlapped tree. Maximum tri-fold size is 3' x 4'.

Tree Culture

Class FFA R2851 ---- Display/Notebook: Entry requires a display or project notebook showing project work and including pictures before, during, and after wood lot improvement. Maximum tri-fold size is 3' x 4'.

How Forests Serve Us

Class FFA R2852 ---- Display: Entry may include collected wood samples (all or partial) and a 500-word, 2-page essay. Wood sample display must be mounted on poster board or any stiff material no larger than a 3' x 4' tri-fold. Essay should be displayed in a covered binder.

Educational/Creative Exhibit

Class FFA R2853 ---- Display: Entry must be directly related to tree identification or forestry. Type of exhibit is open (notebook, poster, collection box, etc.) with a maximum tri-fold size of 3' x 4'.

Add Ons from Kansas State Fair FFA Book (FFA ONLY)

FFA AGRONOMY EXHIBITS

Class FFA R2854 – Agronomic Crop Displays

Displays must consist of common Kansas agronomic crops grown and produced by the

exhibitor. Exhibits may include corn ears, sorghum heads, sunflower heads, cotton bolls, or threshed grain. All exhibits must be presented in a sturdy container that allows for clear visibility. Each entry must be labeled with the common crop name. Cleanliness, uniformity, and quality of the crop will be considered in judging.

Class FFA R2855 ---- Agronomic Crop Display, Grades 7–9

Class FFA R2856 ---- Agronomic Crop Display, Grades 10–12

Class FFA R2857 – Tame & Legume Forage Grass Bundles

Exhibit consists of one cured forage bundle measuring approximately 3–5 inches in diameter at the center band. Bundles must be cut near the ground, properly dried, clean, and free of mold or foreign material. Judging will be based on maturity, leafiness, color, uniformity, and overall preparation.

Class FFA R2858 ---- Short Fine-Stemmed Tame Forage Grass

Class FFA R2859 ---- Fine-Stemmed Forage Legume

Class FFA R2860 ---- Tall Fine-Stemmed Tame Forage Grass

Class FFA R2861 ---- Coarse-Stemmed Tame Forage Grass

Exhibit consists of one cured bundle of native grass. Bundles must be properly identified and prepared according to species standards. Entries should be clean, properly dried, and securely tied. Judging will emphasize stage of maturity, color, leafiness, cleanliness, and correct identification.

Class FFA R2862 ---- Little Bluestem

Class FFA R2863 ---- Sand Lovegrass

Class FFA R2864 ---- Sideoats Grama

Class FFA R2865 ---- Blue or Hairy Grama

Class FFA R2866 ---- Other Short or Medium Native Grass

Class FFA R2867 ---- Big Bluestem or Sand Bluestem

Class FFA R2868 ---- Indiangrass

Class FFA R2869 ---- Switchgrass

Class FFA R2870 ---- Purple Top

Class FFA R2871 ---- Other Tall Native Grass

Class FFA R2872 – Pasture & Range Plant Displays

Displays must consist of ten (10) properly identified pasture or range plant specimens mounted on a lightweight board approximately 22” x 14”. Plants must be cut and arranged to fit within board dimensions. Each specimen must be clearly labeled. Judging will be based on plant selection, specimen quality, labeling accuracy, and overall appearance.

Class FFA R2873 ---- Tame Pasture Grass & Legume Display, Grades 7–9

Class FFA R2874 ---- Tame Pasture Grass & Legume Display, Grades 10–12

Class FFA R2875 ---- Native Range Plant Display, Grades 7–9

Class FFA R2876 ---- Native Range Plant Display, Grades 10–12

Class FFA R2877 – Hay Show

Exhibit consists of one small square bale of hay. Bales should be uniform, clean, and properly cured. Judging will be based on maturity, texture, leafiness, color, odor, freedom from mold, and overall quality. Exhibits may be displayed outdoors during the fair.

Class FFA R2878 ---- Hay Show, Grades 7–9

Class FFA R2879 ---- Hay Show, Grades 10–12

Class FFA R2880 – Agronomic Plant Life Cycle Drawing

Exhibit must be a hand-drawn illustration showing all growth stages of a designated plant. Drawings must be completed by hand (no printed materials), mounted on half-sheet poster board, and clearly labeled. Accuracy, completeness, and presentation will be evaluated.

Class FFA R2881 ---- Plant Life Cycle Drawing, Grades 7–9

Class FFA R2882 ---- Plant Life Cycle Drawing, Grades 10–12

Class FFA R2883 – Soil Science Display

Exhibit must be a hand-drawn soil profile displaying all soil horizons. Displays must be mounted on half-sheet poster board and clearly labeled with horizon names, characteristics, and approximate natural coloration. Judging will consider accuracy, labeling, and overall presentation.

Class FFA R2884 ---- Soil Science Display, Grades 7–9

FFA 907.2 ---- Soil Science Display, Grades 10–12

Class FFA R2885 – Agronomic History Display

Display must include a written report (maximum two pages) and at least one photograph illustrating a historical event that influenced crop production. Exhibits must be mounted on poster board and clearly labeled. Judging will consider historical accuracy, clarity, and presentation.

Class FFA R2886 ---- Agronomic History Display, Grades 7–9

Class FFA R2887 ---- Agronomic History Display, Grades 10–12

Horticulture Add-On Exhibits (FFA ONLY)

Class FFA R2888 – Plant Life Cycle Display

Hand-drawn display illustrating all growth stages of a designated plant species. Must be mounted on half-sheet poster board and clearly labeled.

Class FFA R2889 ---- Plant Life Cycle Display, Grades 7–9

FFA 910.2 ---- Plant Life Cycle Display, Grades 10–12

Class FFA R2890 – Asexual Plant Propagation

Hand-drawn display showing all stages of asexual propagation for a designated plant. Must be mounted on half-sheet poster board and clearly labeled.

Class FFA R2891 ---- Asexual Propagation Display, Grades 7–9

Class FFA R2892---- Asexual Propagation Display, Grades 10–12

Class FFA R2893 – Home Landscape Drawing

Landscape drawing must be completed using an approved template and include scale, symbols, plant key, and proper labeling. Exhibits must be mounted on black poster board or foam board.

Class FFA R2894 ---- Home Landscape Drawing, Grades 7–9

Class FFA R2895 ---- Home Landscape Drawing, Grades 10–12

Class FFA R2896 – Miniature Greenhouse

Exhibit must be a scale model greenhouse mounted on white painted plywood and accompanied by a graphic design plan. No moving mechanical parts are allowed. Judging will consider design accuracy, construction quality, and presentation.

Class FFA R2897---- Miniature Greenhouse, Grades 7–9

Class FFA R2898---- Miniature Greenhouse, Grades 10–12

Class FFA R2899 – Terrariums & Creative Plant Displays

Displays must contain live plants only unless otherwise specified. Enclosed terrariums may not contain succulents or cacti. Judging will consider plant health, creativity, and overall presentation.

Class FFA R2900 ---- Small Enclosed Terrarium

Class FFA R2901 ---- Large Enclosed Terrarium

Class FFA R2902 ---- Small Open Terrarium

Class FFA R2903 ---- Large Open Terrarium
